Patent # 5731655
Application# 08/614,212
Patent Holder Paul Corrado

To United States Patent Office
Attn: Office of Petitions

The statement enclosed is to verify my personal and financial hardships directly affecting my ability to pay the patent fees due March 2011.

Please accept my petition for reinstatement of the above patent I currently have registered. This submission is to ask for a fee waiver due to my financial hardships that left me with unavoidable delay in payment for my patent renewal.

In the last 2 years I was a victim of foreclosure fraud and was forced by eviction to leave my home in early 2009. I was faced with mounting legal fees and loss of possessions including income from the rental located on the property. As a result I lost thousands of dollars fighting to keep my home. Because of the extreme urgency of the situation I had to take time off work to move all my possessions in 3 days and consequently was fired from my job.

My plans to launch the sparkplug I currently have the patent for, was put on hold and I had to focus on just surviving day to day. The income I did receive from part time work/unemployment was barely enough to cover basic necessities.

I now have gainful employment and am working toward recovering my financial status. With your help I can continue to work towards success of my sparkplug business. Please take into consideration my request to accept the unintentional delayed payment of the maintenance fee.

Thank you,

A handwritten signature in cursive script that reads "Paul Corrado".
